

# Oneida Advisor

Oneida Township

April 2012

Issue 5

## Welcome Your New Supervisor

An Oneida Township native, John is continuing his family's legacy as the owner of the Service Center in Huntingdon, located in the Peebles Plaza. After graduating from Huntingdon Area High School, he took over the business when his family moved to Florida. Three years prior to being elected as supervisor, John was also an auditor for the township.

While growing up in Oneida Township, John (or JR as he is also known) spent a lot of time around the fire hall and has, as a result, a good feeling for what it means to be of service. He has often come to the Supervisors' meetings to get an idea of what is involved.

He has an open mind and a willing heart to do what he can for the residents of Oneida

Township.

John and his wife, Kelley, enjoy traveling, being outdoors, and spending time with their four dogs.

John (JR) Delaney, Jr.

## Clean-Up Days are Here

Once again Oneida Township is scheduling Clean-Up days on

**APRIL 27 & 28, 2012.**

They are for residents of the township only.

Hours will be 8 am to 8 pm on Friday and 8 am to 5 pm on Saturday.

We will take tires, but there will be a disposal fee.

Refrigerators and freezers must have doors removed.

We will NOT take: hazardous waste, liquid paints or solvents, gas or propane cylinders, lawn or yard waste, or household garbage.

No construction waste.

There are no pick-ups, delivered waste only.

## News from our Fire Company

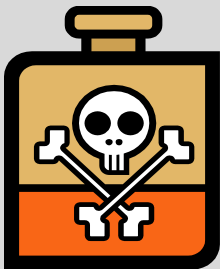

By Jim Grace

The Huntingdon Regional Fire Rescue is starting the annual fund drive. You will be receiving our solicitation letter soon. We appreciate your continued support of this important event. Oneida Township has continued its support by providing a \$ 7,000 dollar cash donation and in kind support worth approximately \$15,000 in use of the township building as our district 18 station. They also pay \$1,561 as the township share of worker's compensation and \$2,541 as their share of the vehicle insurance. The operating budget for this year for HRFR is \$ 490,000. Municipal support accounts for 20 percent of this budget. The rest is provided by your support of our fund raising events throughout the year. As you can see this is a sizable undertaking so we may continue to provide the best fire protection possible.

We continue to have a critical need for manpower at the Oneida station. Volunteers are needed for all areas of the operation from firefighters, fire police, Emergency medical and fund raisers. You can apply by visiting our website [www.hrfr65.com](http://www.hrfr65.com) or stopping by any of our stations.

## Basis Care of Grinder Pumps 101

In the event the pump alarm should go off signaling a problem with the system, **KEEP WATER USAGE TO A MINIMUM.** This is also the case in the event of a power outage.

Power to the unit should not be disconnected, but if the alarm should sound, it may be silenced by pushing the rubber toggle button on the bottom of the box on the outside of the house.

The following materials should NOT be introduced to the sewer system either directly or indirectly via a kitchen waste disposal unit: Glass, Metal, Goldfish stone, Seafood shells, Plastic objects (i.e. toys, utensils, etc.), Sanitary napkins, tampons, Diapers, socks, rags, Kitty litter, Lubricating oil or Grease.

Also, these materials should NEVER be put into a sewer system: Explosives, Flammable material, Strong chemicals, Gasoline.
