Hours: M,T,TH 9:30-3:30

## **News from Your Fire Department: by James Grace**

The past year has been very busy for HRFR. We answered over 400 emergency calls. We also hosted the Huntingdon County Firemen's Convention. Additionally we ran a full slate of fundraising events. We topped this off with a wide variety of training.

We continue to need new recruits from the Oneida Township area. We are faced with a critical manpower shortage in the township that is endangering the operation of the Oneida station. To help with this problem HRFR is a participating Department in the Allegheny Mountains firefighters' initiative. New members who successfully complete the requirements become eligible for a range of benefits including Tuition reimbursement up to \$10,000, health care benefits, \$10,000 in fully paid life insurance, and many more benefits plus the pride in serving your community. Please stop by any HRFR station and ask for an application or visit us on the web @[www.hrfr65.com](http://www.hrfr65.com) for information.

Upcoming fundraising events:

Every Friday @ 7:00PM Shot gun matches Oneida Township

March 16 Chicken BBQ

April 13 Swiss steak Dinner

April 19 Easter egg hunt

May 11 Mother's Day dinner (ham and Turkey)

June 15 Father's Day Chicken BBQ

Oneida Township

PO Box 406

Huntingdon, PA 16652

## **New Year Will Bring New Rules for Disposing of Electronic Devices**

New rules for disposing of electronic devices that took effect on **January 24, 2013**, will prohibit consumers from throwing away laptops, computers, monitors, televisions, and other such electronics with their trash. Under the state Covered Device Recycling Act of 2010, waste haulers will no longer be able to take these items unless the municipality has a curbside electronics collection program that ultimately sends the devices to an electronics recycler. "Proper recycling is important because there are millions and millions of devices, they have a limited useful life span, and they contain heavy metals, such as lead, cadmium, and mercury, as well as other materials that do not belong in the normal trash stream," State Secretary of Environmental Protection Michael Krancer said in a news release. Many of these devices also contain valuable metals, such as gold, silver, and platinum, and base metals, such as copper, iron, and aluminum that can be separated and reused in new products.

The law also requires manufacturers of covered devices to provide for the collection, transportation, and recycling of these items through one-day events, permanent collection programs, or mail-back options. Some retailers also accept electronics for recycling either at no charge or in exchange for rebates or coupons.

Consumers may also obtain electronics recycling information from their county recycling coordinator. For Huntingdon County the contact is Lou Ann Shontz, 643-3091. Recycling information may also be found at [www.dep.state.pa.us](http://www.dep.state.pa.us), keyword "Recycle."

**Oneida Township has scheduled Clean-Up days for:**

**APRIL 25 & 26, 2014**

**For residents of the township only.** Hours will be 8 am to 8 pm on Friday and 8 am to 5 pm on Saturday.

We will take tires, but there will be a disposal fee. Refrigerators and freezers must have doors removed.

We will NOT take: hazardous waste, liquid paints or solvents, gas or propane cylinders, lawn or yard waste, or household garbage.

No construction waste. There are no pick-ups, delivered waste only.

We will take electronic trash, but: **ELECTRONICS MUST BE SEPARATED FROM OTHER TRASH.** This includes desktop computers, laptops, monitors, peripherals such as: keyboard, mouse, printer, speakers and all TV's. Also e-readers that browse the internet.
